Gives every room its own story

Wiring Accessories Ranges

Pieno

Uncluttered design with a distinctive jumbo dolly and an overall slim profile, Pieno has pushed the boundaries of the switch design paradigm. Each dolly fills its space, reaching the edges like no other.

The maximized space of the integrated faceplate has enlightened the clean and clutter-free design, and seamlessly fits in to any space.

Vivace

Inspired by the influential Bauhaus movement, Vivace expresses a pleasing form follows function. With a slim and trim profile, the sleek clean lines and subtle curves manifest an art of simple, elegant minimalism.

Vivace, a style of modern simplicity that is always within your reach.

E-Series

E-Series has been setting the standard, with design features like impact resistant polycarbonate components, modular designed mechanisms and multigang capabilities.

E-Series switches and sockets are tough, resilient, built to take hard knocks and guaranteed to provide exceptional product life.

NEO C-Metro

When you choose NEO, you can be sure of a level of quality and safety that is simply second to none. The first mechanical switch to offer LED locators, which gives off a uniquely enticing soft glow that tells you exactly where each switch is located at night. Revolutionary horizontal dollies round off an outstanding example of cutting edge ingenuity which will always appeal to those wishing to stay ahead of changing trends.

Gives every room its own story

AvatarON offers fashionable, classic appearances, letting your home's details change, just like the changes in your colorful life. Unique, patented technology and exquisite manufacturing ensure comfortable operation, and the easy-mount design allows you to change the faceplates as quickly and easily as you wish.

AvatarOn switches have a finely-crafted appearance made from exquisite workmanship. The cover is flame retardant, resistant to scrubbing, and does not age with use. AvatarOn ensures durability, safe usage, and reliable internal performance.

AvatarOn is a winner of the prestigious iF Design Award 2017, one of the world's most authoritative and recognised seals of design excellence, quality, and trust. It dominated the "Best in Class Solutions" under the Building Technology/Switches category.
